THE 19TH ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

Saturday, November 6, 2021 • 1 p.m.

**Mid-Missouri Livestock Center
Marshall Junction, Missouri**

THE 19TH ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

To our Cattlemen Friends and Braunvieh Enthusiasts,

Each year the Braunvieh breed gains more exposure in the cattle industry. And this year the breed has made strides to improve our genetic evaluations, our breed records and customer service while maintaining the innate functionality of Braunvieh.

Braunvieh has much to offer the cattleman... mothering ability, carcass quality, good temperament and sound structure. If you already have Braunvieh cattle, we think you'll be pleased with the quality offered in this sale. If you're studying the breed and how it could fit in your operation, come to the sale, evaluate the cattle and make your decision about what the breed can do for you.

The quality of the cattle in this sale will certainly make it worth your time to examine them online or in person, and then put your bids in on sale day.

- Cattle will be displayed in outdoor pens prior to the sale.
- Cattle will be on display starting Friday afternoon. This will be a good time to get in the pens and evaluate the offering before the sale day crowd arrives.
- You can bid online through Pfeifer Brothers Auction.
- You can join our conference call to bid over the phone.
- Contact any of the consignors for assistance with buying.

The founders of the Herd Builder sale set a quality standard to bring you superior Braunvieh females. When building a cow herd, few traits are more important than efficiency, fertility and mothering ability. The Braunvieh momma cow excels at each of these traits, and you will find excellent examples in this offering.

Join us Nov. 6th for a complimentary pre-sale lunch prior to the auction. We look forward to sharing a conversation and our cattle with you.

Thank You,

The Braunvieh Herd Builder Consignors

**Saturday,
Nov. 6, 2021
1 p.m.**

**Mid-Missouri
Livestock Center,
Marshall, Missouri**

The sale facility is located 1 mile south of the intersection of I-70 and Hwy 65. This is approximately 60 miles east of Kansas City.

GPS address for the sale:
10774 S. Saline 65 Hwy
Houstonia, MO 65333

The cattle will be on display at the sale facility Friday, November 5th. Come early, look through the cattle and enjoy a visit with us about our programs.

Please join us for sausage and cheese, soft drinks and socializing Friday afternoon at the sale barn.

Videos & Supplement Information

Look for videos on a sampling of the sale cattle plus sale order and supplement information at: www.brinkbraunvieh.com

Braunvieh EPDs: The BAA transitioned to IGS EPDs earlier this summer. With over 19 million animals of multiple breeds, this is a stronger genetic evaluation than any one breed could do alone. By switching to the multi-breed genetic evaluation with IGS, the baseline for BAA EPDs shifted to coincide with the other cattle in the database. To better understand the new baseline, we have included percentile rank on

each animal's EPDs. EPDs in this catalog were current Oct. 6, but with weekly calculations, may adjust by sale day. View current EPDs in the BAA database: braunvieh.digitalbeef.com

Breed Average EPDs for Non-Parent Braunvieh (young cattle)

Sale Day Phone

(785) 766-8713

Online Bidding Details

Pfeifer Brothers Auctioneers will be providing online bidding access. Go to: www.pfeiferbrothersauction.com and click on "Upcoming Auctions".

Click on "Get Approved to Bid" and follow instructions.

The sale lots will be posted to that site prior to the sale.

If you have questions, call Jason Pfeifer (785) 483-1805.

Sale Day Conference Line for Bidding

We encourage everyone possible to use the Online Bidding Service. However, if you don't have adequate internet service for bidding you may call the conference call line to listen to the auction and place bids. **Please call Marilyn at (785) 766-8713 at least 1 hour prior to the sale** to register to bid and obtain the conference call phone number, access code and a buyer number. The conference call line will open 10 minutes prior to the sale start and remain open during the entire sale, as long as there are bidders on the call.

Sale Accommodations

Comfort Inn, Marshall, Mo.(660) 886-8080

Super 8, Marshall, Mo.(660) 886-3359

Comfort Inn, Sedalia, Mo.(660) 829-5050

Marshall is 11 miles north of the sale facility.

Sedalia is 18 miles south of the sale facility.

Sale Staff

Hoover Case, Auctioneer(417) 844-6020

Terms & Conditions

Terms of the sale are cash or check (payable to Herd Builder Sale) with proper I.D., and settlement must be made sale day and/or before anything is loaded or leaves the sale facility. Every lot will be sold to the highest bidder, with the auctioneer settling any bidding disputes. Announced changes in catalog

information sale day will take precedence over printed material in the catalog.

Registrations and Transfers

A certificate of registry and transfer will be furnished for each animal at no cost to the buyer within 45 days after settlement of animals purchased.

Delivery

We will assist buyers in arranging shipment.

Health

All cattle will have proper health certificates for shipment. If your state requires TB tests, please contact individual consignors prior to the sale regarding testing.

Insurance

All animals become the property of the purchaser and will be at purchaser's risk at the time of sale. Insurance will be available should buyers wish to purchase it.

Liability

All persons attending this sale and related functions do so at their own risk. The sale consignors and Mid-Missouri Livestock Center assume no liability, legal or otherwise, for any accidents or illness that may occur.

Air Transportation

Major airlines have regular service into Kansas City, Mo.

Absentee Bids

If you wish to make purchases but are unable to attend this sale, please contact one of the consignors.

Herd Builder Genetic Defect Guarantee

The cattle in this sale are guaranteed to be free of known Genetic Defects as outlined in the Braunvieh Association of America Rules and Regulations. If an animal sold in this sale is found to have a genetic defect, it will be the responsibility of the seller of that animal to satisfy the buyer with a refund or replacement. Buyer must contact seller within 12 months from the sale date to implement the guarantee.

• Black, Polled. A really nice pair here with a little different pedigree than you usually see from us. Sired by the high performance 310Z bull that has made such an impact in the McBee program siring top selling hybrid bulls for them. 834F is proof he can also sire outstanding females. She is the kind you would want a bunch of, big middled with a balanced set of EPDs that rank in the top 30% for CED, BW, WW, YW, CEM, CW, MARB, API and TI.

Lot 16A – Black Polled ¾ Beef Builder heifer calf, WW Brick House 195J (BC101723), calved 9/17/2021, birth wt. 79 lb., tattoo WWCC 195J, sired by BLU BLC JBB Deacon 452D ET. We’ve had several Deacon calves born this Spring and Fall and so far we are extremely pleased with them and you will see why here. If you are looking for that Beefbuilder show project she could be it as Deacon sure seems to be transmitting his Mother’s good looks.

- If you are looking to increase milk production in your herd and maintain a traditional color with a deep bodied wide topped female, here is your answer. This heifer is sired by our Sgt Preston bull which has laid a great structural foundation on all our calves returned to our herd and ones which went onto other herds. The milk comes from a Jersey cow a couple generations back which makes her approx. ¼ dairy but has the look of a traditional Braunvieh. We have kept several of these type heifers in our herd and they have performed excellent weaning off some of the largest calves in the herd.
- Pasture exposed for spring calving to BLC Onward Ladd 229G (PB97390), who was bred for calving ease by Brink Livestock. More breeding details available sale day.

- Out of the heart of our replacement heifers, we are offering this brindled heifer for sale. This easy-going sound heifer is extremely long bodied and straight topped. She has the making of an excellent udder and like most brindled Braunvieh cows and heifers, should be a standout in the herd when it comes to putting pounds on the calf by her side.
- Pasture exposed to HHR Mr Bojangles 22E for fall calving. Was safe in calf March 2021 but will be confirmed with additional information sale day.

- This heifer is out of a generation of big framed and high quality producing calves. Her grandmother has been in our herd for over 10 years. She has Polled Plus in her dad's side and two generations of Polled on her mother's side.

Lot 56 – Creek's Edge Commercial Heifer

Creeks Edge 56

Unregistered Open Heifer

Unregistered Open Heifer
Calved 3/4/2021

- Unregistered Tiger Stripe heifer. Sire is Black Angus and Dam is a fullblood Braunvieh. This tiger stripe is growing quick. Her dam is a larger framed cow. She will sell with horns forming.

Wonderland 57-62

Commercial Open Yearling Heifers

Unregistered Braunvieh
Polled Yearling Heifers

- Wonderland Cattle is offering six traditional colored Braunvieh polled heifers pictured above. Several polled Braunvieh bulls run with our cattle so they are not registered and are being sold as commercial stock.
- Born late fall/early winter 2020. They should make great cows.

Braunvieh Performance Info & EPDs

CED EPD – Predicts the ease the progeny of the individual will be born. Higher positive number indicates easier calving.

BW, WW & YW EPDs – A higher number indicates heavier weights in each category

CEM EPD – Indicates the ability of a sire's or dam's daughters to have a calf at two years of age. Higher positive numbers indicate easier calving for the daughter of the individual.

MM EPD – The part of weaning weight that is due to the dam's milking ability. Higher number indicates a heavier milking dam.

M&G EPD – Reflects growth to weaning age plus milk to weaning time. Calculated by adding 1/2 of WW + MM = M&G.

API Index – The All Purpose Index evaluates sires for use on the entire cow herd with a portion of heifers retained for replacements and the remaining heifers and steers put on feed. The API uses traits such as Stayability, Calf Survival, Cowherd Intake, Heifer Pregnancy %, Marbling, Carcass Weight, Feedlot Intake, Weaning Weight, Yield Grade, Salvage Value and Milk to provide a balanced Index \$ Value. Higher numbers desirable.

Birth wt. – Actual birth weights are given.

Weaning wt. – 205-day adjusted weaning weights and ratios are given if available.

Breed Average EPDs for Non-Parent Braunvieh (young cattle)
