

The Source for Foundation Females

The 23rd Annual Herd Builder Braunvieh Female Sale

**Saturday, November 1, 2025 • 1 p.m.
3 Cedars Event Center
Nevada, Missouri**

THE 23rd ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

To our Cattlemen Friends and Braunvieh Enthusiasts,

Each year the Braunvieh breed gains more exposure in the cattle industry. And this year the breed has made strides to improve our genetic evaluations, our breed records and customer service while maintaining the innate functionality of Braunvieh.

Braunvieh has much to offer the cattleman like mothering ability, carcass quality, good temperament, and sound structure. If you already have Braunvieh cattle, we think you'll be pleased with the quality offered in this sale. If you're studying the breed and how it could fit in your operation, come to the sale, evaluate the cattle, and make your decision about what the breed can do for you.

The quality of the cattle in this sale will certainly make it worth your time to examine them online or in person, and then put your bids in on sale day.

- Cattle will be displayed in outdoor pens prior to the sale.
- Cattle will be on display starting Friday afternoon. This will be a good time to get in the pens and evaluate the offering before the sale day crowd arrives.
- You can bid online through pfeiferbrothersauction.com.
- You can join our conference call to bid over the phone.
- Contact any of the consignors for assistance with buying.

The founders of the Herd Builder sale set a quality standard to bring you superior Braunvieh females. When building a cow herd, few traits are more important than efficiency, fertility, and mothering ability. The Braunvieh momma cow excels at each of these traits, and you will find excellent examples in this offering.

Join us Nov. 1st for a complimentary pre-sale lunch prior to the auction. We look forward to sharing a conversation about our cattle with you.

Thank You,

The Braunvieh Herd Builder Consignors

Saturday,

Nov. 1st, 2025

1 p.m.

**3 Cedars Event Center
Nevada, Missouri**

The facility is located approx. 10 miles southeast of Nevada MO. Please visit their website for more detailed directions

<https://www.gobblersroostrest.com/>

GPS address for the sale:

24327 E. Old Town Road
Nevada, MO 64772

There are Braunvieh bulls at the Green Springs Bull Test down the road from the Event Center. We invite you visit the facility to view and evaluate these bulls.

**The cattle will be
on display at the
sale facility Friday,
October 31st. Come
early, look through
the cattle and enjoy
a visit with us about
our programs.**

If you would like to eat at Gobbler's Roost restaurant (at the sale site) Friday evening before the sale or Saturday evening after the sale, call now (417) 448-4853 for a reservation as they will sell out early. See their website www.gobblersroostrest.com for the menu.

Braunvieh EPDs: The BAA transitioned to IGS EPDs several years ago. With over 19 million animals of multiple breeds, this is a stronger genetic evaluation than any one breed could do alone. By switching to the multi-breed genetic evaluation with IGS, the baseline for BAA EPDs shifted to coincide with the other cattle in the database. To better understand the baseline, we have included percentile rank

on animal's EPDs. EPDs in this catalog were current Oct. 4, but with weekly calculations, may adjust by sale day. View current EPDs in the BAA database: braunvieh.digitalbeef.com

Breed Average EPDs for Non-Parent Braunvieh (young cattle)

Sale Day Phone

(785) 766-8713

Online Bidding Details

Pfeiferbrothersauction.com will be providing online bidding access. Go to: www.pfeiferbrothersauction.com and click on "Register to Bid". Follow instructions to register or login to your existing account. The sale lots will be posted to that site prior to sale. If you have questions contact support (785) 483-1805.

Sale Day Conference Line for Bidding

We encourage everyone possible to use the Online Bidding Service. However, if you don't have adequate internet service for bidding you may call the conference call line to listen to the auction and place bids. **Please call Marilyn at (785) 766-8713 at least 1 hour prior to the sale** to register to bid and obtain the conference call phone number, access code, and a buyer number. The conference call line will open 10 minutes prior to the sale start and remain open during the entire sale, as long as there are bidders on the call.

Sale Accommodations

Country Inn & Suites by Radisson (417) 667-9292
 Holiday Inn Express & Suites (417) 283-6177
 Americas Best Value Inn & Suites..... (417) 667-6777

Auctioneer Jason Pfeifer.....(785) 483-1805

Terms & Conditions

Terms of the sale are cash or check (payable to Herd Builder Sale) with proper I.D., and settlement must be made sale day and/or before anything is loaded or leaves the sale

facility. Every lot will be sold to the highest bidder, with the auctioneer settling any bidding disputes. Announced changes in catalog information sale day will take precedence over printed material in the catalog.

Registrations and Transfers

A certificate of registry and transfer will be furnished for each animal at no cost to the buyer within 45 days after settlement of animals purchased.

Delivery

We will assist buyers in arranging shipment.

Health

All cattle will have proper health certificates for shipment. If your state requires TB tests, please contact individual consignors prior to the sale regarding testing.

Insurance

All animals become the property of the purchaser and will be at purchaser's risk at the time of sale. Insurance will be available should buyers wish to purchase it.

Liability

All persons attending this sale and related functions do so at their own risk. The sale consignors and 3 Cedars Event Center assume no liability, legal or otherwise, for any accidents or illness that may occur.

Air Transportation

Major airlines have regular service into Kansas City, Mo.

Absentee Bids

If you wish to make purchases but are unable to attend this sale, please contact one of the consignors.

Herd Builder Genetic Defect Guarantee

The cattle in this sale are guaranteed to be free of known Genetic Defects as outlined in the Braunvieh Association of America Rules and Regulations. If an animal sold in this sale is found to have a genetic defect, it will be the responsibility of the seller of that animal to satisfy the buyer with a refund or replacement. Buyer must contact seller within 12 months from the sale date to implement the guarantee.

Calving Ease, Weight & Repro Traits EPDs and Percentile Ranks

CED: Calving Ease Direct
 BW: Birth Weight
 WW: Weaning Weight
 YW: Yearling Weight
 Milk: Milk
 TM: Total Maternal
 CEM: Calving Ease Maternal

Performance Info & EPDs

Calving Ease Direct (CED): A higher CED EPD predicts a sire that will have a higher percentage of unassisted calves.

Birth Weight (BW): Compares the differences in the weight of calves at birth. It is measured in pounds, and cattle with higher BW EPDs are predicted to produce heavier calves.

Weaning Weight (WW): The WW EPD is expressed in pounds and predicts differences in weaning weight of a sire's calves. Bulls with higher WW EPDs predict heavier calves across the scale at weaning.

Yearling Weight (YW): Just like WW, only at the next stage of life. The YW EPD is expressed in pounds. Higher YW EPDs are likely to produce heavier yearlings

Milk: The hardest trait to measure, since we don't measure milk production in beef cows. The MK EPD is measured in pounds of calf weaning weight due to his mother's milking ability. A higher MK EPD predicts that a bull will sire daughters who raise heavier calves due to their milk production.

Total Maternal (TM): Total Maternal EPD is a simple formula. TM= MK EPD + ½ WW EPD. It measures impact on calf weaning weight due to both milk production and the cow's genetics for growth. Bulls with a higher TM EPD should sire daughters with a bigger impact on their calves' weaning weight.

Calving Ease Maternal (CEM): Measures the ability of a bull's daughters to calve unassisted as two year olds. The higher the CEM EPD, the easier calving should be when a bull's daughters have that first calf.

All Purpose Index (API): Evaluates sires for use on the entire cow herd (bred to both first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold in quality-based marketing scenarios. Combines traits of importance for both maternal characteristics, as well as traits of importance in the fed cattle market. Commercial customers who raise their own replacement heifers should consider API as their index of choice.

- Toronto daughters and granddaughters are making great cows for us and our customers. This homozygous polled 4 year old is in the top 3% for BW EPD and top 4% for CED and API. She has a fancy heifer calf at side by herd sire High Noon.
- Lot 13A:** Homozygous polled heifer calf, BLC Grace 511N (PB112059) born 9/24/2025, birth wt. 66 lb., tattoo BLC 511N, sired by BLC High Noon 624J.

- Homozygous polled. Her first calf was an EZ Sleep son that sold in the 2024 National Sale to Carl Taylor. Her EZ Sleep yearling is in our replacement heifer pasture and we're offering her High Noon daughter as Lot 15 below.
- Pasture exposed to BLC Tempest 808H (PB99003) 5/20/2025 to 7/20/2025. Safe in calf. There's a world of potential in this Tempest pregnancy. Bluebonnet bought Tempest and has had close to 50 progeny. We used the bull this spring. Tempest's API and TI are both in the top 10% of the breed.

- 885 has been a really productive cow for our program. She is an ET daughter of the very well-known former donor for Mystic Hill Farms, Premium Plus. We have retained several daughters so it's time to share these genetics.
- Pasture exposed to RDF Inferno (PB108325) from 5-6-2025 to 8-19-2025. Updated pregnancy status is coming soon.

- WW 816F is a embryo daughter out of one of the most successful flushes WW Cattle ever mated. She is a full sib to WW My Maria, WW Gypsy Rose, and WW Cornerstone 814F, who has left a legacy at Stillwater Farms. DNA is submitted. By pedigree 1541 is Homo Polled and has a high possibility to be Homo Black.

- Homo Polled
- This EZ Sleep heifer is one pretty girl. She looks just like I would expect coming from a Rancher daughter, they're probably the most stylish cows we have that also produce at the top. If EPDs are important to you she definitely fits the bill and an API of 140. Look close, she's nice! Pasture exposed to our LBW Angus bull Jauer 046 Rainfall (reg.# AAA20934277) from 5/22/2025 through 7/16/2025 confirmed pregnant.

- Our Warlock daughters work great on anything we cross him with, especially these foundation cows like this heifer's dam. There is amazing longevity in her entire pedigree and her EPDs are solid across the board.
- She was pasture exposed to BLC EZ Sleep (reg. # PB96882) from 5/22/2025 thru 7/16/2025 and confirmed pregnant. We've been crossing these Warlock daughters this way for awhile with great success.

- If you like a cow with lots of capacity, take a look at this Warlock daughter. She's thick no matter how you look at her. Her 11 year old maternal grand dam is still producing for us and looks like she's a 5 year old. With a solid set of EPDs and longevity built in she'll make a great addition to any herd.
- She was pasture exposed to BLC EZ Sleep (reg.# PB96882) from 5/22/2025 through 7/16/2025, confirmed pregnant.
